Wisconsin AIHA Program Announcement

**Topic:** AIHA National Update: Focus on Emerging Content Priorities

Program offers a general update on AIHA’s mission, vision and strategic priorities. New membership benefits, grassroots outreach initiatives and research work will be reviewed. A focus will be placed on explaining AIHA’s efforts to advance its understanding of various emerging content priorities. Over the past couple years, a Content Portfolio Advisory Group (CPAG) has been formed and is tasked with reviewing and recommending to the AIHA Board of Directors committee proposals, in particularly, which support these priorities; they are: occupational exposure banding, the business case / value of the profession), next generation sensors, total worker exposure, big data, global standard of care, and navigating a changing workforce (i.e., “gig” economy). CPAG is also responsible for overseeing the review and update of existing collateral documents to ensure publicly available information remains current.

**Speaker:** Lawrence “Larry” D. Sloan, CAE. Larry is the current CEO for AIHA. Larry earned a BS in Chemical Engineering from the University of Pennsylvania and an MBA from the Kellogg Graduate School of Management at Northwestern University. He holds a Certified Association Executive (CAE) designation through the American Society of Association Executives. He has been in this position since October of 2016.
